Le Frühstück French Tech

Le Frühstück is a series of monthly events. They take the form of networking breakfasts where startups, major corporations, incubators, investors and local public players meet.

Each breakfast is hosted by a local partner, providing a welcoming setting and the opportunity to benefit from the expertise and support of these committed local players. Startups have the opportunity to pitch their activities and speak on topics of attention in the local ecosystem.

Our objectives are to :

- Promote French startups to local principals
- Put French companies in touch with potential customers or partners in Germany
- Encourage German startups to invest in France
- Introduce the French Tech mission to RNW's entrepreneurial ecosystem

#1 Le Frühstück French Tech

Let's meet at  OVHcloud  Startup Program with  votbase

 Tuesday June 6th, 2023

 9:00 to 11:00
